PLANTS OF EUROPEAN ORIGIN

From May 1st to November 1st we receive shipments of Hybrid Plants from the leading and oldest firms of Orchid Hybridists and growers in England, all of this stock being from prize winning strains.

Orders may be placed now for Spring delivery by paying a 50% deposit, balance to be paid upon delivery. We guarantee all plants to be healthy, strong, true to name, and to be delivered on or before June 1, or deposit will be refunded.

We have already placed orders in considerable quantity with these firms, but we will not have enough to fill all orders unless reservations with deposits are placed without delay. No order accepted for less than 12 plants; all prices quoted F. O. B., Media, Pa. We follow with a list of the different species and varieties that will be available for Spring, Summer and Fall delivery.

SOUTH & CENTRAL AMERICA IMPORTATIONS

We are now accepting orders for Spring and Fall delivery for Native Specie Cattleya plants gathered for us by experienced reliable firms right in the heart of the different Orchid districts. We guarantee all plants to be true to the Specie named, healthy, strong and sturdy and of the highest quality. These plants are sold by the leaf, delivered unpotted and unestablished at the prices quoted. We have already placed orders in considerable quantity for these native orchid plants, but will not have enough to fill orders for Spring delivery to meet all the demands, so we suggest that you place reserve orders with deposits without delay. We require a deposit of 50% on all these direct import orders, and guarantee delivery by June 1st, or all deposits will be refunded. Please note no order will be accepted for less than 12 plants.

NOTES

If you are looking for any special variety of either specie or Hybrid orchid that you have been unable to locate, get in touch with us and we may be able to obtain it for you. We have many sources of supply and are in correspondence with growers and exporters in different parts of the world. There is no obligation on your part.

We are in the market from time to time to purchase odd lots of specie and Hybrid Plants especially of Cattleyas of all Genera, Cymbidiums and Cypripediums. Send us a list with size and condition of plants and we will make you an offer.

Respectfully,

THE ORCHID EXCHANGE
